RE: Chemical Manufacturing Assn (~~18422-2111~~)

Dear Ms. Reynolds:

**18422-1837
REG. AMDT**

This letter is in response to your letter dated February 2, 2004 which we received March 24, 2004. Our records indicate that this client had a name change which is likely the cause of the confusion. Their original name was Chemical Manufacturing Association and they later became the American Chemistry Council. Our services to the above-mentioned client have been terminated and therefore not subject to the Lobbying Disclosure Act.

We also believe that we have filed the appropriate termination records with the Senate and House indicating their termination on 7/24/2003. Please update your records under the following names:

American Chemistry Council T 7/24/03
Chlorine Chemistry Council T 7/25/03

If we can be of further assistance, please contact this office, we will be happy to comply with your request.

Sincerely,

Christine Warnke, Ph.D.
Governmental Affairs Advisor
