Re: **LDA - Semiannual Report for Schulte Roth & Zabel LLP**
Senate ID #: 72155

To Whom It May Concern:

We have identified a few clerical errors in our completed Schulte Roth & Zabel 2006 LDA midyear filing report, previously submitted to you on August 14, 2006, regarding the following clients:

- Futures Industry Association (misidentified in our August 14, 2006 filing as "Future Industry Association")
- Securities Industry Association (misidentified in our August 14, 2006 filing as "Securities Industries Association")

In addition, the Lobbying (LD-2) Reports for Cerberus Partners, Fansteel, and Managed Funds Association -- all of which report no lobbying activity as noted in box no. 11 -- mistakenly included pages two and three. (The Senate's "Lobbying Registration and Reporting Tips" on line at http://www.senate.gov/legislative/common/generic/lobby_top_ten.htm instructs registrants that "'No Activity' reports however should contain only the first page of the LD-2 form. The Lobbying Activity pages should not be filed.")

Accordingly, we are enclosing a revised 2006 LDA midyear filing report that corrects these clerical errors.

SECRET
06 SEP

Please note that even though only the first page of the Lobbying (LD-2) Report is being filed for Cerberus Partners, Fansteel, and Managed Funds Association, the software provided by the Senate and the House for electronic filing nonetheless still inserts Page 1 of 2 in the lower right-hand corner of the page being filed. In addition, the Lobbying (LD-2) Reports for the Futures Industry Association and the Securities Industry Association do not include a third page (dedicated to providing updates to the information submitted) because there are no changes to that information. Accordingly, even though the Lobbying (LD-2) Report form contains three pages, the software eliminates the third page.

Please contact me should there be any questions about our corrected submission.

Sincerely,

A handwritten signature in black ink, appearing to be "J. G. ...", written over a horizontal line.
