Broadband Data Improvement Act of 2007 (S 1492): The Broadband Data Improvement Act seeks to improve the quality of broadband Internet by requiring the Federal Communications Commission (FCC) to reevaluate its current 200 broadband standard. It also directs Internet service providers to report to the FCC the availability of broadband service at second generation broadband connections by nine-digit zip codes, to replace the current five-digit zip code reporting system. The bill also provides an annual \$40 million in grants for five years to match private, non-profit state investments to identify barriers to statewide broadband deployment.

Video News Releases

Meeting regarding FCC investigations and regulations concerning television news stations use of undisclosed "video news releases."

Ownership

Meetings regarding the FCC's "Further Notice of Proposed Rule Making," especially the rule on "newspaper-broadcast cross-ownership," which prevents companies from owning a television or radio station and the major daily newspaper in the area, and the local ownership caps that limit a company from owning more than one television station in most markets.

Internet Radio

Meeting regarding possible legislation to fix a March 2007 ruling made by the Copyright Royalty Board (CRB) concerning an increase in the rates paid by Internet radio webcasters.

Spectrum

Meetings and Senate Commerce Committee briefing regarding the upcoming Federal Communications Commission auction of the 700 MHz band, to create a much-needed "third pipe" competitor to broadband services offered by phone and cable companies.

Internet Neutrality

Meetings regarding possible legislation to reinstate protections for network neutrality, ensuring that all content, applications and services are equally available online, prohibiting broadband network operators from blocking, degrading, or prioritizing services on their networks.

White Spaces

Meeting regarding possible legislation about "white spaces" -- the unused parts of the public airwaves between TV channels -- that could expand broadband service to underserved areas.

Postal Rates

Meetings regarding possible legislation to reverse new postal regulations that unfairly burden smaller publishers with high postage rates while locking in special privileges for bigger media companies.
