Ms. Pamela Gavin  
Secretary of the Senate  
Office of Public Relations  
232 Senate Hart Building  
Washington, D.C. 20510

Dear Superintendent Gavin:

This letter is in repose to your correspondence regarding a Mid-Year 2002 Report for North Grumman Corp (ID #73178-470) and Lockheed Martin (ID# 73178-431). Both these companies remain clients of Pete Rose who has been filing reports as their consultant. Neither are clients of Williams Mullen Strategies (WMS) nor have been in the past. Registrations and Reports should not have been filed in the past for WMS due to this. The client-consultant agreement continues to be between Pete Rose and the parties involved *not* with WMS.

For this reason, WMS should not be filing reports on either. Pete Rose has continued to file proper reports on his own behalf for both Lockheed and Northrop Grumman.

We regret any confusion this may have caused. Please feel free to contact me if you would like to further discuss this letter.

Sincerely,

Omar Nashashibi  
Director, Gov't Affairs and Research
