Pursuant to my conversation today, with a member of the Office of Public Records, please accept a formal request to remove the individuals listed below from any and all clients associated with Gr Traurig. As discussed, the individuals listed below, are no longer with our firm, duplicate entries, no longer participating in any lobby activity. I greatly appreciate your assistance to administrative individuals below, opposed to the numerous submissions it would take for me to correct this listing

Should you have any questions, or need additional information, please do not hesitate to contact
