**16. Specific Lobbying Activities**

Worked primarily with the Centers for Medicare and Medicaid on a provision of the Medicare Modernization Act called Medicare Advantage Special Needs Plans for Special Needs Individuals. Developed recommendations in relation to the Draft Interim Guidance regarding this plan, met with CMS staff to better understand the scope of CMS' authority in implementation of the provision and worked with CMS and researchers to determine how Special Needs plan and beneficiary categories could be defined within the limits of existing Medicare data. Recommendations to CMS on Special Needs Plans will also address other areas for enhancing this provision as a transition vehicle for frail elderly and dual eligible demonstrations to become permanent programs such as performance criteria, payment methods and administration and oversight rules. Also corresponded with CMS to encourage authority for one final extension of Social HMO waiver authority through 2007, consistent with the phase-in period for the new MA risk adjusted payment system.
