SUBJECT: Revision of Lobby Report Forms (LD-2)

1623

Tom,

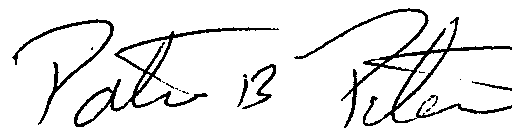

In calendar year 2000, GHIL was under contract to Applied Thermal Sciences for marketing and lobbying services. Pat Peterson and I were the point of contact for this work. The work was broken down into the two categories of marketing support and support on Capitol Hill or lobbying. The funding for the lobbying effort was \$500 per month and the remaining \$1500 was for engineering services and marketing.

It has been noted that in filing the Lobby Reporting Forms for the lobbying services provided to ATS in calendar year 2000, that a mistake was made. The amount of funding identified in the filing was listed as "more than \$10,000". In actuality it should have listed as "less than \$10,000" since the total invoiced amount for lobbying during each month period was only \$3,000.

I request that you submit a correction to this document. If you have any questions or need additional information, please feel free to call me at (202) 467-5459.

Sincerely,
