Dear Ms. Reynolds:

Re: Concert USA (54404-12)

I am writing in response to your letter of February 24, 2005, concerning the fact that Concert USA has not submitted a 2004 Mid-Year Report pursuant to the Lobbying Disclosure Act.

This report has not been submitted because Concert USA ceased operations in April 2001, and consistent with this, has not engaged in any lobbying activity after that date. Concert USA was a joint-venture of AT&T Corporation and BT plc, and following the termination of that joint-venture in 2001, all ongoing activities returned to the respective parent corporations.

I trust that this response is appropriate to clarify that Concert USA has not been in noncompliance with the reporting requirements of the Lobbying Disclosure Act. Should you have any further questions, please do not hesitate to contact me.

Sincerely,

Barbara Evans
